<sup>1</sup> The Debtors in these Title III Cases, along with each Debtor's respective Title III case number and the last four (4) digits of each Debtor's federal tax identification number, as applicable, are the (i) Commonwealth of Puerto Rico (Bankruptcy Case No. 17 BK 3283-LTS) (Last Four Digits of Federal Tax ID: 3481); (ii) Puerto Rico Sales Tax Financing Corporation ("COFINA") (Bankruptcy Case No. 17 BK 3284-LTS) (Last Four Digits of Federal Tax ID: 8474); (iii) Puerto Rico Highways and Transportation Authority ("HTA") (Bankruptcy Case No. 17 BK 3567-LTS) (Last Four Digits of Federal Tax ID: 3808); (iv) Employees Retirement System of the Government of the Commonwealth of Puerto Rico ("ERS") (Bankruptcy Case No. 17 BK 3566-LTS) (Last Four Digits of Federal Tax ID: 9686); and (v) Puerto Rico Electric Power Authority ("PREPA") (Bankruptcy Case No. 17 BK 4780-LTS) (Last Four Digits of Federal Tax ID: 3747). (Title III case numbers are listed as Bankruptcy Case numbers due to software limitations.)

**TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO**

**COMES NOW JOSE A. NIEVES RIVERA**, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **JOSE A. NIEVES RIVERA** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **MYRNA MORALES SEIN** is a resident of MUNICIPALITY OF HATILLO, Puerto Rico. I am a retired, married and have different health conditions.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more.** The electric cost is going to go up significantly. As a retiree, I have no way to increase my income to be able to afford it. It will negatively alter my family budget, preventing me from meeting the rest of my monthly obligations. I will not have enough to pay for my medications and I will have to choose between buying groceries or medications. Currently I cannot fully meet my financial obligations, I do not know how I will be able to manage with another increase. It seems to me that I will enter extreme poverty.

5. Therefore, **JOSE A. NIEVES RIVERA** is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

### **LEGAL ARGUMENT**

7. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

8. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
9. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations

under the Plan.”” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).

10. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.

11. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such as **JOSE A. NIEVES RIVERA**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **JOSE A. NIEVES RIVERA** and the people of Puerto Rico.

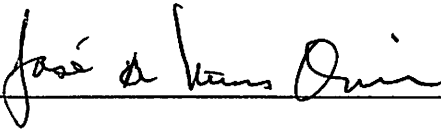

13. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

### **RELIEF REQUESTED**

**WHEREFORE, JOSE A. NIEVES RIVERA** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

11. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **ABIGAIL TORRES CRUZ** and the people of Puerto Rico.
12. PREPA's restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico's economy. If PREPA's restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

### **RELIEF REQUESTED**

**WHEREFORE**, **ABIGAIL TORRES CRUZ** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**COMES NOW ABIGAIL DALI HERNANDEZ TORRES**, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **ABIGAIL DALI HERNANDEZ TORRES** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **ABIGAIL DALI HERNANDEZ TORRES** is a resident of MUNICIPALITY ARECIBO, Puerto Rico
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more.** .I cannot afford the cost of living if there is another increase and I am seriously considering leaving the Island if I can no longer increase my income.
5. Therefore, **ABIGAIL DALI HERNANDEZ TORRES** is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

### **LEGAL ARGUMENT**

6. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

7. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
8. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations under the Plan.’” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).
9. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant

probability of a default?" Id.

10. The Plan of Adjustment will affect Puerto Rico's economy and ratepayers, such as **ABIGAIL TORRES CRUZ**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

11. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **ABIGAIL TORRES CRUZ** and the people of Puerto Rico.

**TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO**

**COMES NOW MANUEL ORLANDO MARIN** , as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **MANUEL ORLANDO MARIN** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **MANUEL ORLANDO MARIN** is a resident of MUNICIPALITY CAGUAS Puerto Rico. I am married, father of a family with two children.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more.** The electric cost is going to go up significantly. Unfortunately, as an employee of a public government corporation, I do not receive salary increases, because they are being evaluate. I have no way to increase my income to be able to afford it. It will negatively alter my family budget, preventing me from meeting the rest of my monthly obligations. Currently I cannot fully meet my financial obligations, I do not know how I will be able to manage with another increase. I will no longer be able to afford the cost of uniforms and any other educational material for my daughter. It seems to me that I will enter extreme poverty.

5. Therefore, **MANUEL ORLANDO MARIN** is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. ### **LEGAL ARGUMENT**

7. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

8. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
9. "Under PROMESA, a plan of adjustment must be supported by financial projections that are 'reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations under the Plan.'" In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).
10. This means asking: "Is it likely that the debtor, after the confirmation of the Plan of

Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?" Id.

11. The Plan of Adjustment will affect Puerto Rico's economy and ratepayers, such as **MARTA MABEL PEREZ MALDONADO**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

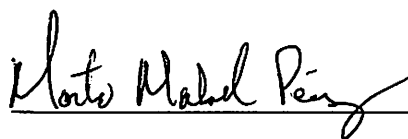

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **MARTA MABEL PEREZ MALDONADO** and the people of Puerto Rico.
13. PREPA's restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico's economy. If PREPA's restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

### **RELIEF REQUESTED**

**WHEREFORE**, **MARTA MABEL PEREZ MALDONADO** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

**TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO**

**COMES NOW MARK A ACEVEDO PÉREZ**, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **MARK A ACEVEDO PÉREZ** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **MARK A ACEVEDO PÉREZ** is a resident of MUNICIPALITY Hatillo, Puerto Rico. I am married, father of a family with five children.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more.** The electric cost is going to go up significantly. Unfortunately, as an employee of a public government corporation, I do not receive salary increases, because they are being evaluate I have no way to increase my income to be able to afford it. It will negatively alter my family budget, preventing me from meeting the rest of my monthly obligations. Currently I cannot fully meet my financial obligations, I do not know how I will be able to manage with another increase. I will no longer be able to afford the cost of uniforms and any other educational material for my childrens. It seems to me that I will enter extreme poverty. I'll have to leave Puerto Rico.

5. Therefore, **MARK A ACEVEDO PÉREZ** is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

2. **MARIA T. GIROT CUADRADO** is a resident of HUMACAO, Puerto Rico. Single woman and retired.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more. These increases would impact my family dramatically. It would force me to decide whether to pay the electricity or go to the supermarket to buy food for my family. Our salary is committed to basic needs and is not left over to pay more increases.**
5. Therefore, **MARIA T. GIROT CUADRADO** is a party in interest that “may raise and may

appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

### **LEGAL ARGUMENT**

7. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

8. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
9. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations

under the Plan.”” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).

10. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.
11. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such **MARIA T. GIROT CUADRADO**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

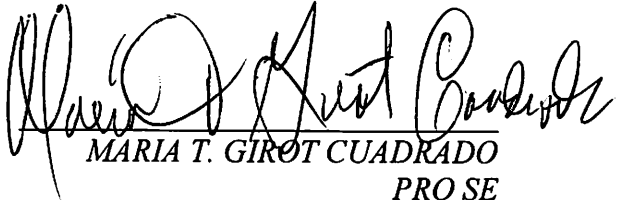

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **MARIA T. GIROT CUADRADO** and the people of Puerto Rico.
13. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

**RELIEF REQUESTED**

**WHEREFORE, MARIA T. GIROT CUADRADO** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

**TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO**

**COMES NOW AILEEN ROSA CUADRADO**, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **AILEEN ROSA CUADRADO** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **AILEEN ROSA CUADRADO** is a resident of SAN JUAN, Puerto Rico. Marriet, mother of two childrens and businessman.
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more. These increases would impact my family dramatically. It would force me to decide whether to pay the electricity or go to the supermarket to buy food for my family. Our salary is committed to basic needs and is not left over to pay more increases.**
5. Therefore, **AILEEN ROSA CUADRADO** is a party in interest that “may raise and may

appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

### **LEGAL ARGUMENT**

7. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

8. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
9. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations

under the Plan.’’ In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).

10. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.

11. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such **AILEEN ROSA CUADRADO**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **AILEEN ROSA CUADRADO** and the people of Puerto Rico.

13. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

**RELIEF REQUESTED**

**WHEREFORE, AILEEN ROSA CUADRADO** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

**IVELISSE RIVERA VAZQUEZ OBJECTION TO THE CONFIRMATION OF  
THE PUERTO RICO ELECTRIC POWER AUTHORITY'S PLAN OF ADJUSTMENT**

*[Space intentionally left blank]*

<sup>1</sup> The Debtors in these Title III Cases, along with each Debtor's respective Title III case number and the last four (4) digits of each Debtor's federal tax identification number, as applicable, are the (i) Commonwealth of Puerto Rico (Bankruptcy Case No. 17 BK 3283-LTS) (Last Four Digits of Federal Tax ID: 3481); (ii) Puerto Rico Sales Tax Financing Corporation ("COFINA") (Bankruptcy Case No. 17 BK 3284-LTS) (Last Four Digits of Federal Tax ID: 8474); (iii) Puerto Rico Highways and Transportation Authority ("HTA") (Bankruptcy Case No. 17 BK 3567-LTS) (Last Four Digits of Federal Tax ID: 3808); (iv) Employees Retirement System of the Government of the Commonwealth of Puerto Rico ("ERS") (Bankruptcy Case No. 17 BK 3566-LTS) (Last Four Digits of Federal Tax ID: 9686); and (v) Puerto Rico Electric Power Authority ("PREPA") (Bankruptcy Case No. 17 BK 4780-LTS) (Last Four Digits of Federal Tax ID: 3747). (Title III case numbers are listed as Bankruptcy Case numbers due to software limitations.)

**TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO**

**COMES NOW IVELISSE RIVERA VAZQUEZ**, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 (“Plan of Adjustment”).

**PRELIMINARY STATEMENT**

1. **IVELISSE RIVERA VAZQUEZ** is a party in interest in the Puerto Rico Electric Power Authority’s (“PREPA”) Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **IVELISSE RIVERA VAZQUEZ** is a resident of Bayamón, Puerto Rico. Single, mother of one children and social worker .
3. The question of who is a “party in interest” should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. **The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more. These increases would impact my family dramatically. It would force me to decide whether to pay the electricity or go to the supermarket to buy food for my family. Our salary is committed to basic needs and is not left over to pay more increases.**
5. Therefore, **IVELISSE RIVERA VAZQUEZ** is a party in interest that “may raise and may

appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

### **PROCEDURAL BACKGROUND**

6. For over a decade, Puerto Rico’s economy has been in trouble and, by 2016, its massive debt became unsustainable. On June 30, 2016, PROMESA was signed into law. 48 U.S.C. § 2101 et seq. It created Title III to allow the territory access to bankruptcy relief for its instrumentalities. On July 2, 2017, the Financial Oversight and Management Board for Puerto Rico (“Oversight Board”) initiated a Title III case for PREPA. On December 16, 2022, the Oversight Board filed the first *Title III Plan of Adjustment of the Puerto Rico Electric Power Authority*. This has been amended 3 times. The current version of the Plan of Adjustment was filed on March 1, 2023.

### **LEGAL ARGUMENT**

7. Section 314 of PROMESA has the requirements for the confirmation of a Plan of Adjustment. 48 U.S.C. § 2174(b).

The Title III court shall confirm a plan of adjustment so long as certain requirements are met, including that: the debtor is not prohibited by law from taking any action necessary to carry out the plan; . . . any legislative, regulatory, or electoral approval necessary under applicable law in order to carry out any provision of the plan has been obtained, or such provision is expressly conditioned on such approval; . . . [and] the plan is feasible. Fin. Oversight & Mgmt. Bd. for P.R. v. Federacion de Maestros de P.R., Inc. (In re Fin. Oversight & Mgmt. Bd. for P.R.), 32 F.4th 67, 76 (1st Cir. 2022)(citation omitted).

8. The Plan of Adjustment is not feasible for the reasons stated in the expert declarations of Mr. Tom Sanzillo, ECF No. 3416; Dr. José I. Alameda Lozada, ECF No. 3417, Mr. Agustín Irizarry, ECF No. 3414.
9. “Under PROMESA, a plan of adjustment must be supported by financial projections that are ‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations

under the Plan.” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).

10. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.
11. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such **IVELISSE RIVERA VAZQUEZ**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

### **CONCLUSION**

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **IVELISSE RIVERA VAZQUEZ** and the people of Puerto Rico.
13. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

**RELIEF REQUESTED**

**WHEREFORE, IVELISSE RIVERA VAZQUEZ** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with the Clerk of the Court. A copy of this document will be emailed to all case participants.

(Title III case numbers are listed as Bankruptcy Case numbers due to software limitations.)

TO THE HONORABLE DISTRICT COURT FOR THE DISTRICT OF PUERTO RICO  
  
COMES NOW FREDDIE NIEVES RIVERA, as party in interest pursuant to 11 U.S.C. § 1109, appearing *pro se* pursuant to 28 U.S.C. § 1654, and respectfully requests that the Court deny the confirmation of the Modified Second Amended Title III Plan of Adjustment of the Puerto Rico Electric Power Authority, ECF No. 3296 ("Plan of Adjustment").

**PRELIMINARY STATEMENT**

1. **FREDDIE NIEVES RIVERA** is a party in interest in the Puerto Rico Electric Power Authority's ("PREPA") Title III Bankruptcy. See 11 U.S.C. § 1109(b).
2. **FREDDIE NIEVES RIVERA** is a resident of MUNICIPALITY ARECIBO Puerto Rico. I am divorced, father of a family with three children. I am self-employed as a mechanic and all these increases will affect as a father of a family and also as a trader.
3. The question of who is a "party in interest" should be answered on a case-by-case basis. The definition is non-exhaustive. It generally refers to anyone with a financial stake or significant legal or practical stake in the outcome of bankruptcy. See, for example, Savage & Assocs. P.C. v. K&L Gates LLP (In re Teligent, Inc.), 640 F.3d 53 (2d Cir. 2011). That should mean anyone who will be significantly impacted.
4. The Plan of Adjustment proposes to impose a Legacy Charge on the electric bills of residential and commercial customers for the next 35 years or more. The electric cost is going to go up significantly. I have no way to increase my income to be able to afford it. It will negatively alter my family budget, preventing me from meeting the rest of my monthly obligations. Currently I cannot fully meet my financial obligations, I do not know how I will be able to manage with another increase. I will no longer be able to afford the cost of uniforms and any other educational material for my daughter. It seems to me that I will enter extreme

poverty.

5. Therefore, **FREDDIE NIEVES RIVERA** is a party in interest that “may raise and may appear and be heard on any issue in a case under this chapter.” 11 U.S.C. § 1109(b).

‘reasonable and demonstrate a probability that the debtor will be able to satisfy its obligations under the Plan.’” In re Fin. Oversight & Mgmt. Bd., 637 B.R. 223, 302-03 (D.P.R. 2022).

10. This means asking: “Is it likely that the debtor, after the confirmation of the Plan of Adjustment, will be able to sustainably provide basic municipal services to the citizens of the debtor and to meet the obligations contemplated in the Plan without the significant probability of a default?” Id.
11. The Plan of Adjustment will affect Puerto Rico’s economy and ratepayers, such as **FREDDIE NIEVES RIVERA**. Therefore, PREPA will not be able to generate enough revenue and comply with its obligations to creditors or to the people of Puerto Rico. Because of this, the Plan of Adjustment is not feasible.

#### CONCLUSION

12. In conclusion, this Court should not confirm the Plan of Adjustment because it does not meet the requirements under PROMESA. Additionally, the confirmation of the Plan of Adjustment would cause great prejudice to **FREDDIE NIEVES RIVERA** and the people of Puerto Rico.
13. PREPA’s restructuring is very important, because electric power is necessary both for consumers and businesses alike. It is the driving force of Puerto Rico’s economy. If PREPA’s restructuring becomes too burdensome on the people and businesses of Puerto Rico, it will affect any possibility of economic growth and development.

#### RELIEF REQUESTED

**WHEREFORE, FREDDIE NIEVES RIVERA** respectfully requests that the Court take notice of the above stated and deny the confirmation of the Plan of Adjustment.

**I HEREBY CERTIFY** that on this same date I conventionally filed the foregoing with

the Clerk of the Court. A copy of this document will be emailed to all case participants.

In MUNICIPALITY OF ARECIBO, Puerto Rico, this 7<sup>th</sup> day of June 2023.

**FREDDIE NIEVES RIVERA**
